State Member Relationship

- FFA Club Accreditation
- Council Engagement
- Council Facility and Field Plans
- State Member Relationship

Key Result Area 1 – Facilities and Equipment

Issues

Club facilities are good but there is room for improvement and upgrades specifically around lighting, topsoil and change rooms, particularly in the lack of inclusivity, gender friendly and outdated facilities such as shower units and change rooms.

Opportunities

Continue to apply for grants, sponsorship and fundraise to improve the facilities working within Maitland City Council's plan for the future.

Goal

- To seek funding to improve the facilities working with Maitland City Council and other government bodies to follow long term plan and ensure the improvements benefit all users.

Objectives

- Complete \$30,000 lighting upgrade
- Source funding and arrange top soil
- Plan for future improvements including change room upgrades and further improvements to the lighting.

Actions

- Complete and submit all available grants following the priorities identified in this Development Plan.

Performance Indicators

Facility improvements achieved annually.

Resources and Responsibility

Secretary, Committee and any other volunteer with capacity to complete and submit grant applications..

How do clubs engage/build partnerships with a State MP?

- Regular contact with MP's office
- Invite to games, season launch and other events
- Notify MP's office of new Board positions so you continue to receive information on upcoming grants
- MPs can provide a letter of support for your applications to non-State Government grants e.g. Council grants, ClubGRANTS Category 3 Fund
- MPs are good at getting media involved, include them in announcements
- Plenty of corporate grants available, get on your MP's mailing lists for grants and other information
