SECTION 1 - CLUB INFORMATION

CLUB & CONTACT DETAILS

CLUB DETAILS

Name

Postal Address

Suburb

Postcode

PRINCIPAL CONTACT

Name

Position at Club

Telephone

Email

CLUB INFORMATION

Is your organisation incorporated? Yes No

Incorporation Number

ABN Number

CLUB PARTICIPANTS DETAILS

Number of Teams

Highest level of Competition

Male Players

Female Players

Participation numbers and growth over the past 5 years:

MiniRoos (5 - 11)

Junior Players (12 - 17)

Senior Players (18+)

ABOUT THE CLUB/BACKGROUND

Describe your club. General information/history about your club.

SITE ANALYSIS AND EXISTING FACILITIES

Outline all the features of your current facility.

Eg: number of fields, floodlighting, amenities etc.

SITE LOCATION AND DESCRIPTION

Who is the owner of the venue?
(i.e. Council, Crown Land, club etc)

Facility Address

Local Council

State Electorate

Federal Electorate

CLUB FACILITY PROJECTS

Outline the club's facility plan for the venue. I.e. This is a list of future projects (short and long term)

Provide; name of project, project description and estimated cost (if available) for each project.

PROJECT NAME

PROJECT DESCRIPTION

ESTIMATED COST
(if known)

SECTION 2 - PROJECT DETAILS

(Complete this section for each individual project)

PRIORITY PROJECT

Project Name

Project Location

Does your project require a DA or is the project DA exempt? DA required DA exempt

Project Description

Describe in detail what the project will involve

Rationale/Why

Clearly explain the reason why this project is needed for the club and the local community. Use evidence to support your reasoning. For example – Floodlighting - population growth in the area will see more girls participating in the game. It is expected that 10 new girls' teams aged 9 – 12 will be formed in the next 5 years and currently the fields have no floodlighting. By installing floodlighting to 100LUX it will allow the club to schedule training and competition games.

How will this project increase/improve opportunities for participation?

Strategic Alignment

By providing a link to as many of the strategies shows that your club is working towards the greater objective of other government organisations.

- Local council (Sport and Recreation/Open space strategy)
- Local association (if applicable)
- [NSW Infrastructure Strategy](#)
- Northern NSW Football Strategic Plan
- [Office of Sport Strategic Plan](#)

Outcomes

What will be achieved with the completion of this project? What affect will this project have on the club and community?

Capacity and Capability

Describe what capacity your organisation has to implement the project and ensure it is successful. Note if Council will manage the project please contact Council for examples of similar projects that they have managed.
